Sai Kirupa's 'dream come true' project is live now! Vallipuram - a 2 km away semi-urban area from Perumanallur highways has a new identity - Sai Kirupa Special School & Rehabilitation Centre! The new campus has been inaugurated and running since October 2022. 140 Special Children are studying in the new campus.

**FROM THE DIRECTOR'S DESK****MRS. KAVIN THIRUMURUGAN - FOUNDER / DIRECTOR**

At Sai Kirupa we believe in teaching our students life skills. Skills that will enable them to be independent in the future and probably give them a chance at life with minimal human co- dependency. Our main aim is to integrate our students into the society. We also believe that therapy is not confined to a classroom. All activities given at school are various forms of therapy that helps in communication, fine and gross motor skills, learning money concepts and weight concepts, etc..

FEEDBACK

"Today we visited a school for handicapped children in the neighbourhood Sai Kripa Special School. ZF co-finances a new modern building for the school which will finally provide dutiable infrastructure. I have been deeply impressed by the fantastic work the team of 40 teachers does here for the year 200 students who come from as far as 30 km away. The school was founded 8 years back by **Mrs.Kavin Thirumurugan** and I must confess that I have the highest possible respect for what she has built up here over time.

Great concept of individual teaching, full dedication and engagement. Truly fantastic! All is financed by private and company donations. In India no publicly financed schools for handicapped children exist and also inclusion into "normal" schools does not work as we know it in Europe. Even more important is personal engagement as I could see it today. Again: I am deeply impressed" - **Mr. Martin Knops, CTO, ZF Wind Power.** 16.11.2022
